Hap Parker Aquatic Center Re-Opening

- If the State of Illinois moves in Phase 4 beginning June 26, 2020, the Village of Rantoul will open the Hap Aquatic Center for operation beginning on Saturday, June 27, 2020.
- General hours of operation will be: Monday through Friday from 12noon to 7:00pm, Saturday and Sunday from 11:00am to 7:00pm with the first hour from 11:00am to 12noon reserved specifically for Annual Pass Holders only. Early Morning Swim, Swim Lessons, Water Aerobics, and Family Nights will all begin the week of July 6, 2020.
- All patrons will be required to provide information including their name, address, and phone number, which will be entered into a computer system. This allows us to identify individuals who were in the pool on a specific date if contact tracing is required.
- Each day prior to opening, a disinfectant spray foam will be used to clean the entrance area, the bathrooms and showers, the deck, pool deck chairs, and stairs. Also, prior to shift change for staff, an additional thorough cleaning will occur, providing a “mid-day” disinfecting of the entrance area, bathrooms and showers. Also, at 3:45pm each day, the pool will be cleared of guests for 15 minutes to allow for the pumps to circulate with no one in the pool.
- All staff performing disinfectant and sanitizing tasks shall wear gloves. Any staff handling money or other materials directly from guests shall also wear gloves.
- All common surfaces should be sanitized frequently. These surfaces should include, but not be limited to, handrails for the slides and diving boards, door knobs and handles, drinking fountains, faucets and sinks, and all chairs and tables.
- Each area leading up to the entrance, waterslides, diving boards, and concession stand will be marked with six-foot separation, and guests will be reminded that at all times while standing in those areas they must remain six feet apart using the marks as guides.

- The number of showers available will be reduced in an effort to allow for social distancing. Guests should also limit the amount of time present in the shower area so as not to congregate. The shower area will be sanitized regularly, especially handles.
- Plexiglass has been installed at both the entrance and the concession stand in an effort to provide a barrier between the staff and guests.
- The concession stand staff will work hard to reduce the number of contacts with food and drink items, and some items will be individually wrapped to minimize direct contact. Concession stand staff will also disinfect surfaces frequently throughout each day.
- Signage will be placed at the entrance with a “questionnaire” related to COVID-19 Self-Assessment. Anyone entering into the Aquatic Center does so as an indication they have read the sign, have answered “no” to each question, and is not a risk of having COVID-19. Additional signage will indicate ways to provide additional protection, as well as rules and guidelines of the pool.
- Staff shall monitor closely the number of guests in the Aquatic Center, and at NO TIME shall allow the number of guests to exceed the number of recommended guests.
- Lifeguards will NOT be tasked with additional surveillance or enforcement duties related to enforcing face covering expectations. The responsibility for personal protection will be upon each guest who enters the Aquatic Center.
- There is no evidence that COVID-19 can be spread through pool water itself within properly maintained aquatic venues, according to the Centers for Disease Control and Prevention (CDC). The disinfectant (Chlorine or Bromine) should readily kill or inactivate the virus that causes COVID-19 as long as water chemistry and water circulation are adequate. However, there are many opportunities for COVID-19 to spread directly between patrons in the deck area, pool enclosure, and sanitary facilities. Frequently touched surfaces allow for the transfer of infected respiratory droplets; the direct spread of droplets is possible if patrons are not adequately separated by six (6) feet or more. Enabling and promoting social distancing in an environment that is normally intended for somewhat crowded social interaction will require the above-mentioned changes in how the Aquatic Center is utilized, and all patrons must comply with the guidelines established, or may be removed from the facility.

2020 Aquatic Season Information

Hours of Operation

- Monday-Thursday 12:00 pm-7:00 pm
- Saturday-Sunday 11:00 am-7:00 pm (11:00 am-12:00 pm for Annual Pass Holders only)

FOLLOW THESE 5 SAFETY STEPS

to keep us all healthy

1 STAY HOME IF YOU DON'T FEEL WELL
Or if you tested positive for COVID-19 or were exposed to someone with COVID-19 in the last 14 days

2 STAY 6 FEET AWAY FROM PEOPLE
who don't live with you, both in and out of the water and avoid sharing items with other people

3 WEAR A CLOTH FACE COVERING
when not in the water*

* Don't place cloth face coverings on children under age 2 or anyone who has trouble breathing or is unconscious, weak, or otherwise unable to remove the cover without help.

4 WASH YOUR HANDS OFTEN with soap and water for at least 20 seconds or use hand sanitizer with at least 60% alcohol

5 COVER YOUR COUGHS AND SNEEZES
with a tissue or your elbow, throw the tissue in the trash, and wash your hands

COVID-19 is contagious and is known to spread mainly from person to person contact. By visiting the Hap Aquatic Center, you agree to abide by the procedures established to protect yourself, other guests, and staff, and you voluntarily assume the risk that you may be exposed to, or infected by, COVID-19. You agree to assume all the risks of attendance and participation, and you waive any liability against the Village and any other parties by your presence.

Self-Assessment Questionnaire for Hap Aquatic Center Guests

- δ Have you had direct contact with someone who is sick and waiting for COVID-19 test results?

- δ Have you had direct contact with someone who has tested positive for COVID-19 within the past 14 days?

- δ Do you have any of the symptoms below:
 - a fever greater than 100.4 degrees
 - cough or shortness of breath
 - fever, chills, or muscle pain
 - sore throat
 - new loss of taste or smell

If you answered **YES** to any of the above questions, we ask, for the safety of other guests and our staff, that you **EXIT** the Aquatic Center immediately and return when these symptoms no longer exist
