

YOUTH GARDEN CLUB

Join us as we start a Youth Garden Club at the Rantoul Youth Center. Discover the magic of planting a seed and watching it grow into a delicious vegetable or fruit! We will grow a variety of vegetables, fruits, and herbs. Children will learn how to maintain a garden by working dirt, planting the seeds, caring for the plant as it grows and matures, and learning the proper way to harvest the crops.

Did you know there are numerous benefits to gardening? It's educational and encourages healthy eating. It teaches responsibility. It helps relieve stress and builds self confidence.

The Recreation Dept will provide all the necessary tools. We ask kids come with gloves and shoes that can get dirty.
