VILLAGE OF RANTOUL**

AGENDA ITEM	PAGE _____ OF _____
ITEM: Waste Water Treatment Traveling Bridge Filters	DEPARTMENT: Public Works
AGENDA SECTION:	AMOUNT: \$151,993.00
ATTACHMENTS: <input type="checkbox"/> ORDINANCE <input type="checkbox"/> RESOLUTION <input checked="" type="checkbox"/> OTHER (See Summary Highlights) <input checked="" type="checkbox"/> SUPPORTING DOCUMENTS	DATE: March 30, 2012
SUMMARY HIGHLIGHTS: <p>The purpose of this memorandum is to provide an overview of the Waste Water Treatment Plant's Traveling Bridge Filters purpose and an explanation on their current condition and the need for them to be refurbished. These filters are at a point in which a major overhaul of them is required. The approximate cost of this overhaul for both filters is \$303,986, which includes labor and materials. Public Works is recommending that at this time one filter (\$151,993) be repaired and the second filter overhauled during the Phosphorous removal project.</p> <p>Typical maintenance of the filters includes routine replacement of the filter media. At times chlorine is added to kill of any biological growth that may be occurring. Typical concentrations of chlorine are less than 50 parts per million.</p> <p>Filter Problem</p> <p>Over the last year, Steve Post, Chief of Operations of the Plant has noticed a significant decline in the performance in the filters, specifically the filter's filters ability to remove solids. Each filter is designed to handle 8 MGD (million gallons a day). To determine what was causing the problem the filter was recently drained and the sand media removed. Upon inspection it was determined that there had been multiple failure points where the porous plates attach to the support brackets. This failure allows solids to pass through the filter. The significance of this problem is aggravated by operational issues at the Rantoul Foods Pre-treatment Plant.</p> <p>Refurbishment</p> <p>To refurbish the filter it will require the replacement of all polyethylene porous plates as well as the replacement of the filter media. The Public Works staff has been in contact with several vendors and has received one quote from Aqua - Aerobic System Inc. for \$151,993. Funding for this refurbishment would come from the Waste Water Fund. The design engineering expense for the phosphorous removal project will be adjusted and spread out over a two budget period.</p>	
RECOMMENDED ACTION: Public Works recommends that the Board approve a sole source contract with Aqua-Aerobic Systems, Inc., in the amount of \$151,993.00.

Sec. 24-187. – Tuition reimbursement.

The village may reimburse any regular/full-time employee other than any provisional employee who successfully completes an approved college-level or technical course or courses of study for a portion of the cost of tuition (excluding any applicable fees) for any such approved course or courses subject to the following terms and conditions:

- (1) Prior to the beginning date of any such course or courses, any such regular/full-time employee covered by this section shall submit to his appointing authority a request for such tuition reimbursement which includes a written statement describing the relationship between the course or courses to be taken and the duties of his position.
- (2) If the applicable appointing authority determines on the basis of any such written statement that the course or courses to be taken is directly related to the duties of any such position as specified in the employee's job description and the actual performance of any required daily activities, such appointing authority may approve such request subject to the conditions: (i) that funds are budgeted for such purpose; (ii) that any such course or courses shall be taken on the personal time of any such regular/full-time employee covered by this section; (iii) the cost of tuition shall have been paid for when due and in advance of any such reimbursement and (iv) that any such course or courses shall have been successfully completed with a passing grade of at least average or its equivalent.

Tuition Reimbursement

PURPOSE

The purpose of this Policy is to establish guidelines under which financial assistance may be provided when approved in advance and included in the annual approved department budgets to regular full time employees who successfully complete pre-approved courses. The Village will provide partial financial reimbursement to eligible employees who successfully complete courses of instruction from approved external education sources, utilizing their own time and funds, when such training is directly related to the employee's job description and performance of required daily activities . Courses and programs eligible for reimbursement are limited to courses given by fully accredited colleges and universities located in the State of Illinois.

Courses for technical or non-traditional scholastic training also may be reimbursed, provided that prior written approval has been attained and budgeted. Additional undergraduate and graduate courses of instruction not leading to a degree but relating to specific areas of current job performance may be permitted subject to justification and approval by the employee's supervisor, Department Director, Human Resource Mgr. and the Village Administrator.

All courses and programs are subject to review and approval by the Human Resource Mgr. and Village Administrator. Elective courses that are not specifically job related will not be considered for reimbursement.

In no case is approval of a course to be construed as an actual or implicit guarantee to the employee of a promotion and/or position specifically using such training.

In no instance will initial approval of a job related course or courses guarantee continued approval of future courses. Approval and reimbursement amounts will always be contingent upon budgetary constraints and serving the best interest of the Village.

PROCEDURES

1. Completing the Tuition Reimbursement Form:

An eligible employee interested in participating in the Tuition Reimbursement Program must complete and have approved the Tuition Reimbursement Form prior to enrolling in the course. This form is available from the Personnel Department.

Employees must complete the form, attach a short course description and the fee schedule for tuition and registration, and forward it to their immediate supervisor. Employees applying for initial program or course approval must also attach a description of the institution indicating that it is accredited.

Employees sign the Tuition Reimbursement Form acknowledging that they understand and agree to repay to the Village the reimbursement or cost of the training if they leave Village employment through voluntary or involuntary termination within one year (12 months) of completing the course and receiving reimbursement.

2. Approval or Disapproval Procedure:

The immediate supervisor signs on the supervisor's signature line and indicates approval or disapproval of the requested course/program in accordance with the Tuition Reimbursement Policy. If desired, the supervisor may comment by attaching a memorandum.

The immediate supervisor then forwards the Tuition Reimbursement Form through appropriate levels to the appropriate department head.

The department head signs the form indicating approval or disapproval and may comment, if desired, by attaching a memorandum. Both the employee and the department head must justify on the application the expected benefits to be

derived from the course. The form is then forwarded to the Human Resource Mgr.

The Human Resource Mgr. or designee will review the application to ensure compliance with the policy and governing procedures, verifying the information in the application and the qualifications of the educational institution or the sponsoring organization. The Human Resource Mgr. then signs the form indicating either approval or disapproval of the request. Program or course requests are forwarded to the Village Administrator or designee, who will sign and return the Tuition Reimbursement Form to the Personnel Department, indicating approval or disapproval.

If the application is approved, the Human Resource Mgr. will return the employee's copy to the employee and the department copy to the department director. The Human Resource Mgr. will hold the Personnel copy in the pending Request for Tuition Reimbursement folder. Employees should retain their approved application copy until such time as they complete or discontinue the course or training.

If the application is disapproved, the employee's and department's copies will be returned to the department director indicating the reason(s) for this action. The department director in turn will forward the rejected application to the employee concerned, through the employee's immediate supervisor, with appropriate explanation.

At any time during this process should anyone disapprove of the tuition reimbursement, the processing will stop at that level of disapproval and copies of the form and reason for disapproval shall be returned to all previous levels of the routing process.

Approved degree or diploma programs should be reviewed annually by the employee's immediate supervisor to determine progress in meeting job performance objectives.

In no case is approval of a degree program to be construed as an actual or implicit guarantee to the employee of a promotion and/or position specifically utilizing such training upon completion of the program or course.

3. Requesting Reimbursement:

After completion of the course, the employee will submit a copy of the grade(s) and original receipt of cost, along with verification of payment, to the Human Resource Mgr. These should be attached to the employee's copy of the approved Tuition Reimbursement Form. For the approved tuition to remain valid, requests for reimbursement must be made as soon as possible after receipt of all required documentation but no later than six weeks following course completion.

The employee must sign the reimbursement request section of the form. If the employee does not complete a course, the employee must notify the Human Resource Mgr. in writing that reimbursement is no longer requested.

Once all required materials are submitted for reimbursement, the Human Resource Mgr. will calculate the amount due an employee and complete a Manual Check Request form. After receipt of this information, the Finance Department will prepare a check for the employee.

Once the reimbursement is prepared, the Human Resource Mgr. will ensure that the employee receives the reimbursement check. The Human Resource Mgr. will keep copies of the approved MCR, Tuition Reimbursement Form, and appropriate receipts in the Approved Tuition Reimbursement folder by fiscal year and in the employee's file.

4. Reimbursement Amount:

If the employee completes the course and receives a grade of "A" or "B", reimbursement will be made at 100 percent. For a grade of "C", reimbursement will be made at 50 percent. No reimbursement will be made for a grade of "D" or below or for course withdrawals and/or course incompletes.

Reimbursement will be made as approved in advance for courses which do not result in a letter grade provided that evidence of satisfactory completion is provided.

In no event will any employee be entitled to tuition reimbursement benefits exceeding \$2500 during a fiscal year. Employees are fully responsible for the tax consequences of any reimbursement in accordance with applicable laws.

REVENUE & EXPENSE OUTLOOK

Village Revenue/Expense Outlook
As of February 29, 2012- Ten Months

General Fund

Revenue

As of the end of February, the outlook for revenue continues to exceed the budget target. Total revenue for the General Fund is expected to approximate \$7,711,740, which is \$202,000 (2.7%) over its budgeted amount and \$292,000 (3.9%) more than last fiscal year.

However, the year-end estimate has been reduced by about \$64,000 from last month. The main reason for this revision is lowered expectations from several sources- Property Tax has been revised down by \$12,126 and Utility Tax by \$25,000. In addition, Franchise Fees have been revised down by \$10,000 and Franchise Gas Payment by \$6,000.

Property Tax will be a bit short of its target this year. With regard to Utility Tax, the ytd numbers continue to lag last year and its outlook is \$650,000, compared to last year's actual year-end of \$674,574. The hog plant is doing extremely well, according to common hearsay, but its current usage is not making up for the diminishing utility tax revenue from other payers. (With regard to the general decrease in utility tax revenue over time, in FY 05-06 its receipts were \$970,794.)

Expenses

The year-end outlook for expenses remains unchanged from last month. Total expenses are on track to end at approximately \$7,300,000, 2.7% over last fiscal year, before any transfer to the Corporate Reserve fund.

Conclusion

So, expenses in the General Fund are within budgeted targets and are running well within the expected revenues. In summary, the current data trends suggest revenue of about \$7,711,740 and total expenses of approximately \$7,300,000 (with the original transfer amounts). If this turns out to be the case, the fiscal year will end up with an operating surplus of over \$400,000. That expected surplus, however, is figured *before* any added transfer to the Corporate Reserve fund.

Special Revenue Funds

911 Surcharge Fund

In recent years this fund has been characterized by declining surcharge revenue- FY 03-04 \$116,653, FY 04-05 \$109,868, FY 05-06 \$98,898, FY 06-07 \$82,331, FY 07-08 \$71,285, FY 08-09, \$62,215, FY 09-10 \$50,038, and FY 10-11 \$50,982. The current revenue outlook is \$44,000, unchanged from last month. The only budgeted expenses are monthly fees to AT&T, the city of Champaign, and Frontier (Verizon) for a total of \$43,500.

Motor Fuel Tax Fund

A total of \$324,409 in motor fuel tax receipts has been booked through the first ten months- compared to last year's \$332,501. The current total includes \$59,099 as a special disbursement from

the State, the per-capita share of the State of Illinois capital improvement program funds. There was a similar special disbursement last year which took that year's total to \$384,261. The current revenue outlook for the current fiscal year is \$375,000. With regard to expenses, there are no concerns.

TIF Fund

Last fiscal year's property tax receipts were \$1,358,450. The FY 11-12 budget target for property tax revenue is \$1,300,000. The total now stands at \$1,423,804 and that likely represents the final amount for the year. The improvement this year is due to the collection of back taxes. In addition to property tax, the TIF fund is receiving Federal grant money from the Air Force for infrastructure improvements. Five hundred thousand dollars is budgeted from that source. While all other expense categories are below budget, contribution to schools in the Other category is temporarily over because the entire annual amount has already been made.

Misc. Special Revenue funds

Revenue

The remainder of the Special Revenue funds' revenue is from transfers-in, grants, or interest income.

Expenses

There are no significant problems with the Special Revenue funds.

Capital Projects Funds/Debt Service

Revenue

The revenue from these groups of funds is inter-fund transfers and interest income.

Expenses

In the Corporate Restricted Reserve fund, Purchased Professional Services is temporarily over on a ytd basis as a result of demolition costs at Autumn Glen, as well as other locations.

Proprietary Funds

Landfill Fund

The only revenue source is the expected \$200 in interest income. On the expense side, taxes within the Other category have been paid with no budget having been assigned. Budgeted expenses for the year total \$35,500.

Gas Fund

Revenue

The current outlook for Residential, Commercial, Industrial, and Village sales are each trending a bit short of budget.

Expenses

All expense categories are below their year-to-date budgets.

Conclusion

This fund did not have revenue to cover its expenses last fiscal year and current data now suggest that this fund may show a revenue/expense surplus this year-end.

Water Fund

Revenue

All the selected revenue sources are at or below their budget targets, with the exception of Village sales.

Expenses

All categories are below their respective targets. No concerns.

Conclusion

This fund is budgeted to have a revenue and expenses surplus this fiscal year.

Waste Water Fund

Revenue

Residential, Commercial, and Village sales are trending below the budget targets. Industrial Sales receipts, however, are on track to comfortably exceed its target.

Expenses

In the Purchased Professional Services category of the Wastewater Plant division, the budgeted fees for the National Pollution Discharge Elimination System have been paid in advance and system maintenance supplies are slightly over. No concerns.

Conclusion

This fund is budgeted to have a revenue and expenses surplus this fiscal year.

Electric Fund

Revenue

Residential Sales, Commercial Sales, Purchased Power Adjustment, and Turn-off Charges continue to trend below their targets.

Expenses

In the Technical Services division, as of February repair/maintenance of infrastructure is running over its ytd target, but a budget adjustment has been recently entered to cover the oil filtering costs for engine #8 at the electric plant.

Conclusion

The fund was originally budgeted to have a revenue/expense surplus this fiscal year.

Storm Water Drainage Fund

Revenue

Revenue is from property taxes and transfers.

Expenses

Principal and interest repayments are running ahead of the monthly schedule. No concerns.

Airport Fund

Revenue

The outlook for building rental income has been reduced to \$1,509,000. The budget target is

\$1,350,000.

Expenses

In the Admin division, legal expenses are well over the annual target and an adjustment will be needed.

In the Operations & Maintenance division, insurance has been paid in the Other Purchased Services category and taxes have been paid in the Other category. No concerns.

A budget adjustment may be needed for taxes in the Other category of the Property Management division, since the \$100,023 expended is \$3,800 over the target.

Conclusion

The fund is budgeted to have a revenue/expense surplus in FY 11-12 of \$126,945.

Internal Services Funds

Public Works Admin Fund

Expenses

Within the Admin division, audit expenses have been paid in Purchased Professional Services. In the Other Purchased Services category, insurance has been paid. No concerns.

Within the Engineering Information division, GIS (geographic information system) costs have been paid within the Purchased Professional category and dues and publications expenses within the Other Purchased Services category are temporarily over. No concerns.

In the Pump Station Maint. division, regular salaries are temporarily over and in the Supply category, operating supplies are temporarily over, as well.

The Christmas bonus has taken the Other category temporarily over in most divisions.

Conclusion

The FY 11-12 budget calls for the fund balance to be maintained.

IMS Fund

Revenue

Revenue is from budgeted transfers from the operating funds.

Expenses

The HTE consulting fees have taken the Purchased Professional Services category temporarily over, as is the case with system maintenance supplies. The Other category is temporarily over (Christmas bonus).

Conclusion

The FY 11-12 budget calls for the fund balance to be reduced by \$106,289.

Central Maintenance Fund

Revenue

Most of the revenue for this fund is locked-in by automatic transfers from the other funds, so about 94% of the selected revenue sources are assured.

Expenses

In Fleet Maintenance, vehicle maintenance charges are temporarily over. In the Other Purchased Services category, insurance has been paid. The Christmas bonus has the Other category temporarily over.

In Grounds Maintenance, part-time salaries have now exceeded the annual target and a budget adjustment is needed. Gas/oil supplies are now well over its annual target and an adjustment will be needed in that account, as well.

Conclusion

This fund improved its fund balance last year and small revenue/expense surplus may occur this year, as well.

Internal Building Maintenance Fund

Revenue

The major revenue source for this fund is by departmental assessment.

Expenses

No concerns.

Conclusion

This fund improved its fund balance last year and it may have a revenue/expense surplus again this year.

Trust and Agency Funds

In the Firefighters' fund, the purchase of miscellaneous items has the Other Purchased Services category over its annual target, as is the case in the Other category.

In Police Pension, retirement benefits are running slightly over the ytd target.
