**REQUEST FOR Proposals (RFP)
VRNTL-15-R-04**

Village of Rantoul Advanced Metering Infrastructure (AMI) System

ATTENTION RESPONDENTS:

Your firm is hereby invited to submit to the Village of Rantoul (hereinafter "Village") a proposal (Proposal) for Village of Rantoul Advanced Metering Infrastructure Design and Implementation. A successful respondent (Respondent) or Respondent team will be selected by the Village based on a multi-step process.

THE VILLAGE OF RANTOUL, ILLINOIS, will accept sealed Proposals from qualified Respondents with specific expertise in Advanced Metering Infrastructure (AMI) Systems. Submittals will be received until closing time of **3:00 P.M.** prevailing time on **March 26, 2015** at the Rantoul Municipal Building, 333 South Tanner Street, Rantoul, Illinois. Submittals received after the closing time will not be accepted and will be returned unopened.

Two price proposals are requested. The first is for a hosted solution for the AMI software and the second is for an on-site server solution. Respondents can submit multiple proposals, for example a response with two options for load management switches should be submitted as a proposal for each option. For clarity we ask that the respondent treat each option as a separate proposal and that all forms are completed and included with each proposal.

Notice of Intent to Respond and the non-disclosure agreement (NDA) for details on Village meter locations and other data must be received by the Village at 333 S Tanner, Rantoul, IL by February 19, 2015.

The Village of Rantoul will make the final selection of the vendor to perform the proposed services after March 26, 2015, and intends to hold tentative vendor interviews the week of April 13, 2015. The Village reserves the right to cancel any and all solicitations and to accept or reject, in whole or in part, any and all proposals when it is in the best interest of the Village.

Additional information concerning this RFP can be found at:
