Introduction

While we are presenting the budget to you today, and will be asking the Trustees to approve it, PLEASE understand with the recent response to COVID-19 and it's potential economic impact, revenues are PROJECTED, and as they fluctuate during this national emergency, expenditures will be reduced to not exceed revenues. The budget is a “living” document and WILL change throughout the year based on available revenues.

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. The colors are primarily green and white. The text 'ONE HUNDRED DOLLARS' and the number '100' are visible on the bills. The background of the slide is a solid green color with a subtle pattern of repeating dollar bills.

Let's Dig Deeper Into The General Fund

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. The colors are green and white, with the '100' denomination visible on the bills. The background of the slide is a dark green gradient.

Government Administration

- Administrative expenses **UP \$7,734**
 - contractual increase upon diploma
- Elected Officials expenses **UP \$1,804**
 - educational offerings
- Comptroller expenses **UP \$289,195**
 - Police Pension, Library Taxes paid from here (previously Library Taxes were shown as reduced tax revenue rather than having an expense line attached; no additional cost to the Village, just shown now as an expense)
- Human Resources expenses **UP \$4,614**

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. The text 'ONE HUNDRED DOLLARS' and the number '100' are visible on the bills. The background of the slide is a dark green gradient with a faint, repeating pattern of the US dollar bill design.

Government Administration

– General Government expenses **UP**
\$245,137

- ALL General Fund Central Maintenance Fleet Costs now under one expense line in General Government rather than in each different department budgets; still calculated based on actual expenses from previous fiscal year; cost of providing service spread among all departments

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of the \$100 and \$20 denominations. The green background of the slide features a faint, repeating pattern of the word 'HUNDRED' and the number '100'.

Government Administration

— While the Government Administration budget is **\$548,484 HIGHER** than a year ago, it includes all of the **Library Property Tax at \$474,210** (which was not previously shown as an expense but rather a lower revenue) and all of the **General Fund Central Maintenance Fleet Costs at \$359,645** so expenses are actually **down**

–Receiving TWO State Grants

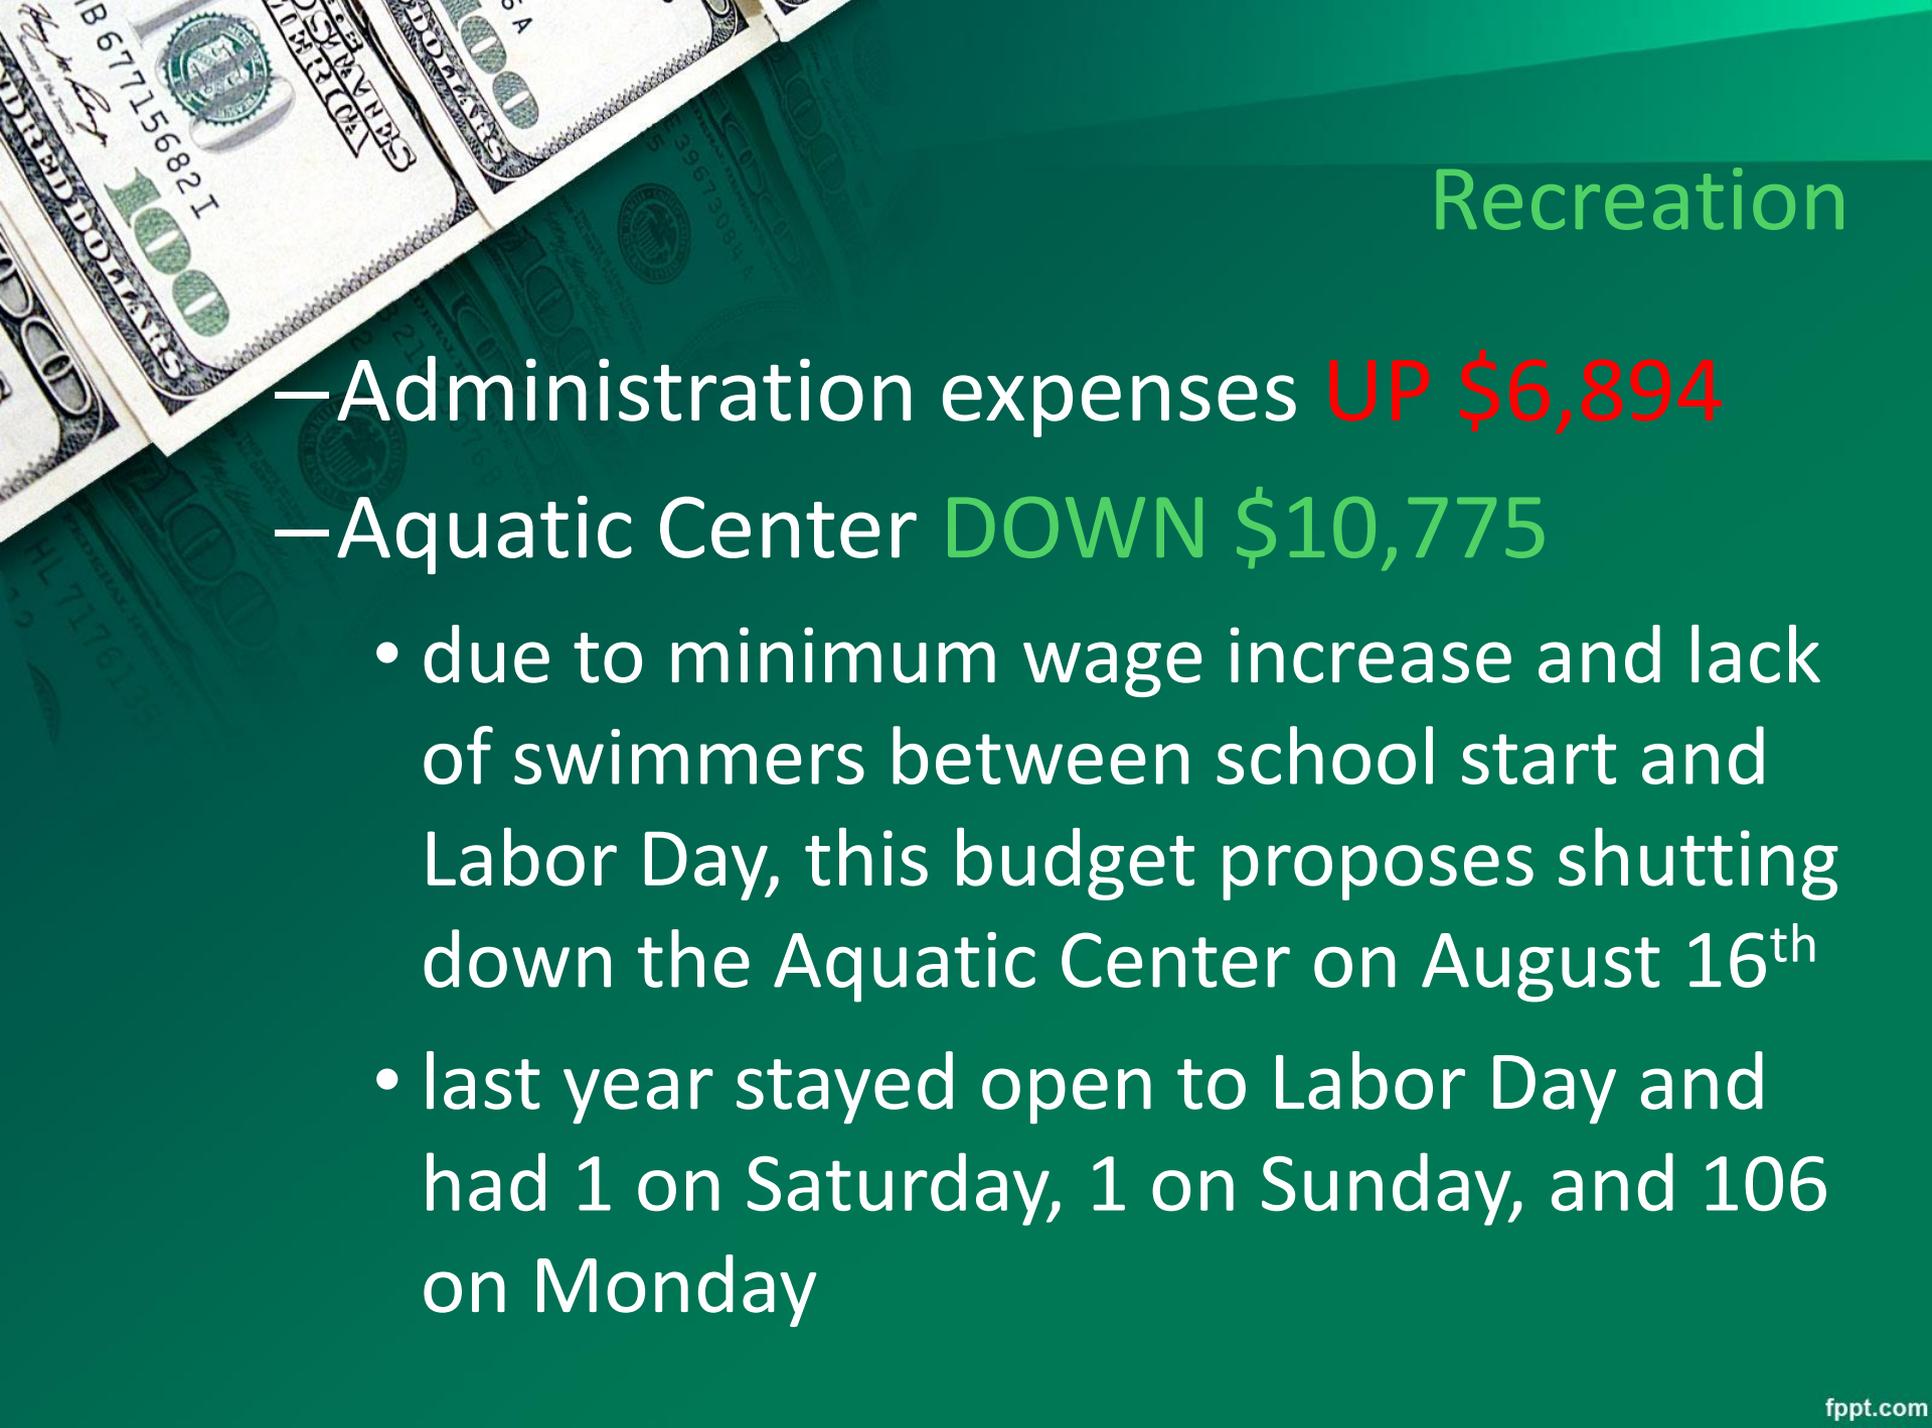

- Forum Grant for \$845,000 with \$750,000 coming from State
- Rudzinski Park Grant for \$400,000 with \$360,000 coming from State
 - We actually received half of the money from the State in FY 2019-2020 so we only show \$180,000 in revenue from the grant in FY 2020-2021 BUT show spending all \$360,000 in the new Fiscal Year....THEREFORE you see in the budget summary an additional \$180,000 allocated from the reserve to balance the budget; it is the money the State has already sent but won't be spent until this budget year so it is NOT a deficit budget but rather balanced once you include the full grant revenue

Recreation

–Receiving TWO State Grants

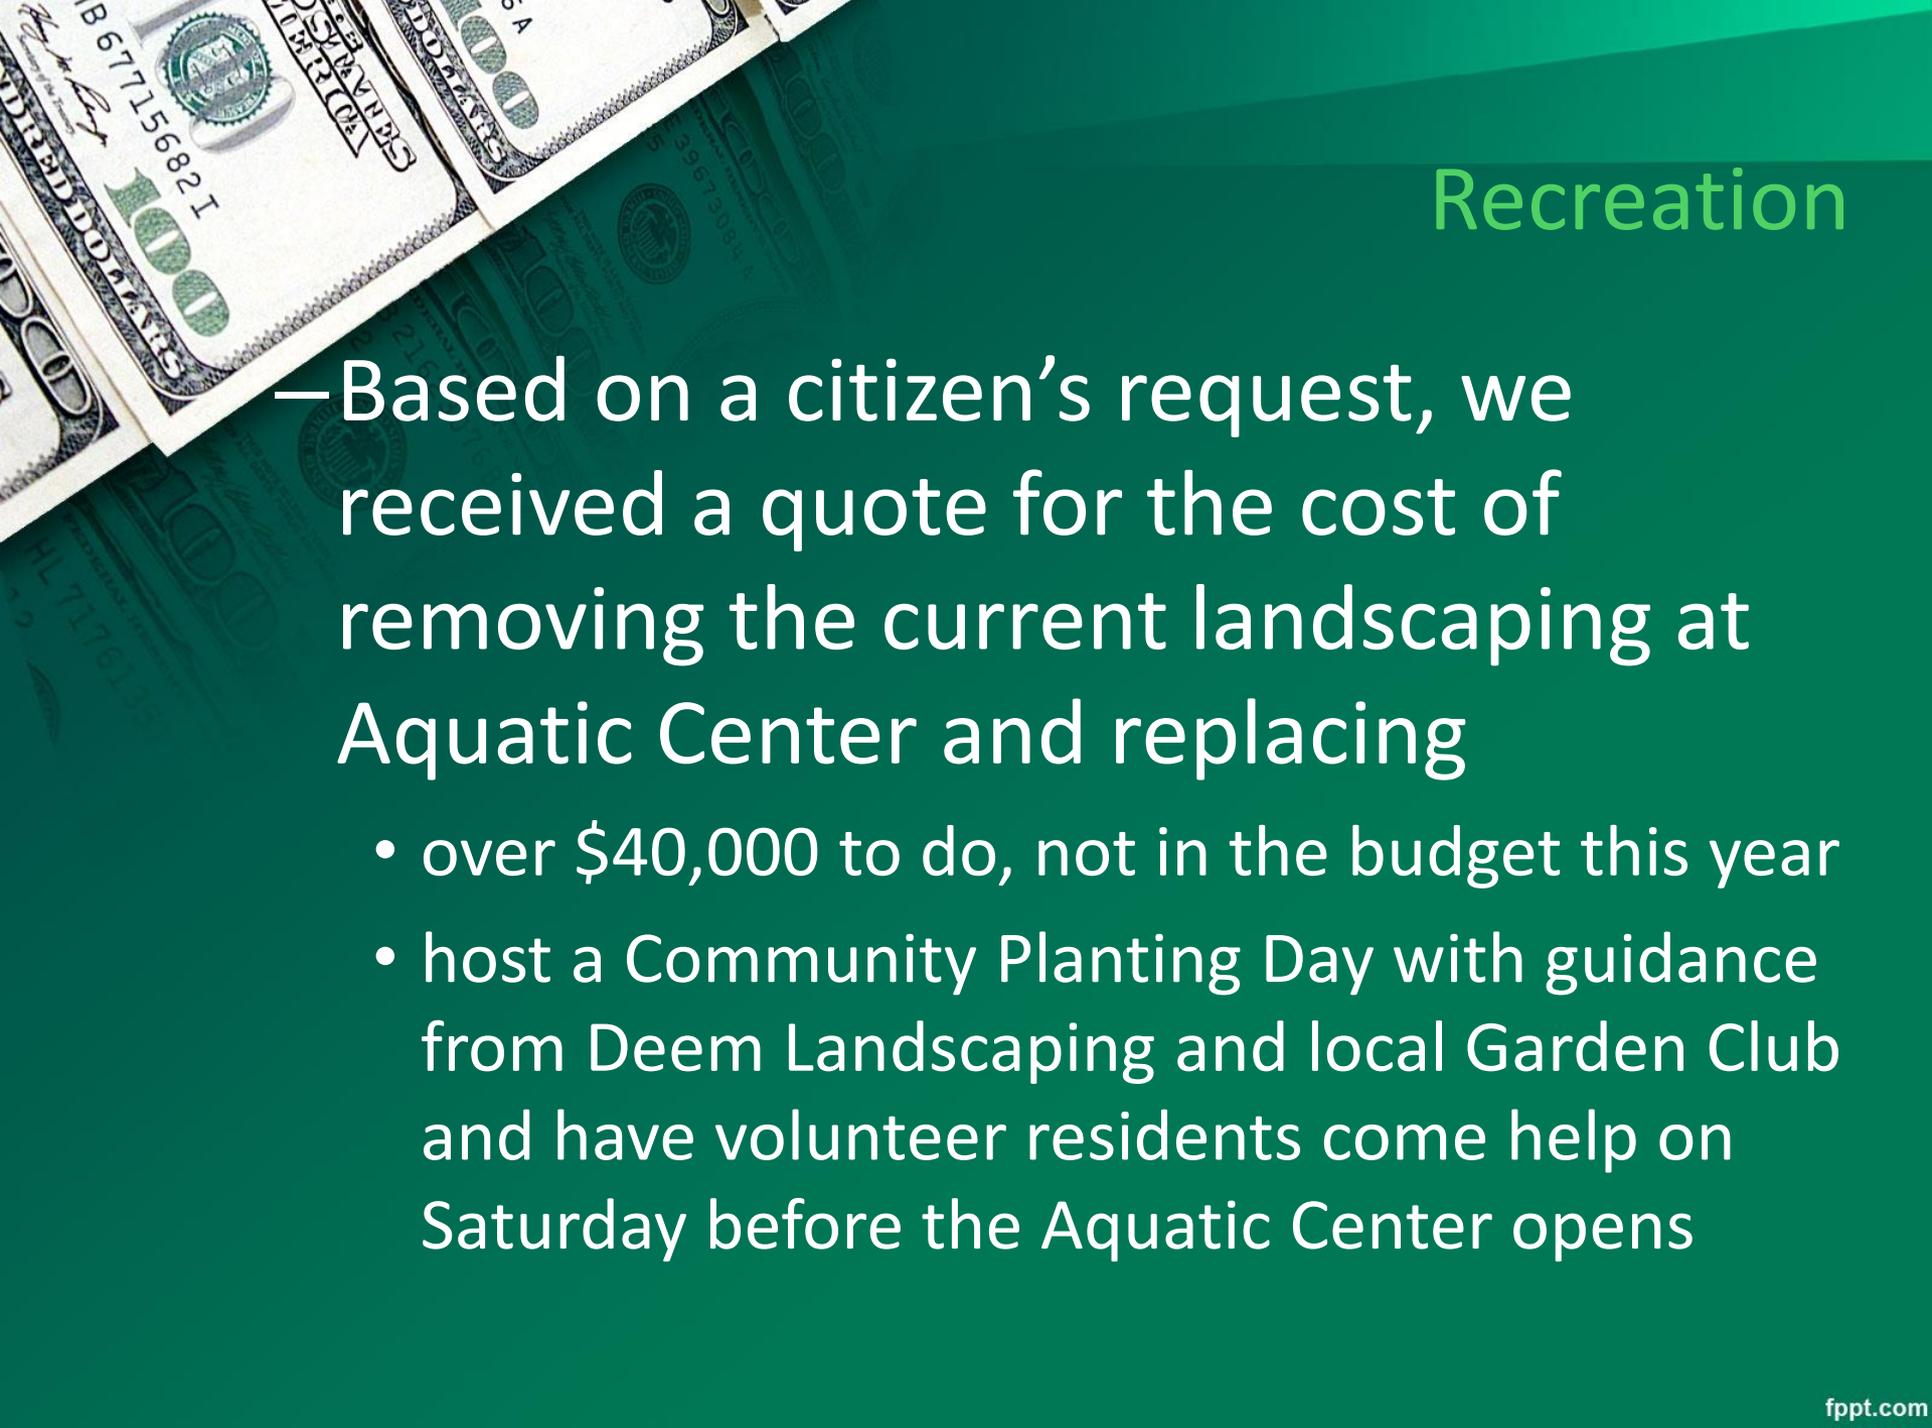

- The \$135,000 needed for local match is in the Operational Budget, NOT coming from Reserves as originally stated

The background of the slide features a stack of US dollar bills, with a \$100 bill prominently visible in the upper left corner. The bills are slightly out of focus, creating a sense of depth. Recreation

- Administration expenses **UP \$6,894**
- Aquatic Center **DOWN \$10,775**

 - last year stayed open to Labor Day and had 1 on Saturday, 1 on Sunday, and 106 on Monday

Recreation

- Based on a citizen's request, we received a quote for the cost of removing the current landscaping at Aquatic Center and replacing
 - over \$40,000 to do, not in the budget this year
 - host a Community Planting Day with guidance from Deem Landscaping and local Garden Club and have volunteer residents come help on Saturday before the Aquatic Center opens

 - reduction in various line items
- Code Enforcement expenses are **DOWN \$81,621**
 - previously had two Code Enforcement Officers in this budget, now one Officer will be shared with Building Inspection so his salary is now in that division

The background of the slide features a stack of US dollar bills, including a \$100 bill and a \$20 bill, fanned out in the top left corner. The rest of the background is a solid green color with a faint, repeating pattern of the word 'DOLLAR' in a circular arrangement.

Community Planning and Zoning

– Building Inspection expenses are **UP**
\$97,496

- added a shared position to assist with Building Inspections to help share the load of additional construction in community; this division took on full salary and benefits of this position, additional training costs, legal costs and dues

The text 'ONE HUNDRED DOLLARS' and the number '100' are visible on the bills. The background is a solid green color with a subtle pattern of repeating '100' and 'DOLLARS' text.

Police

- In the past, all expenses for every division within Police was separated, yet this stifled some training, education, or contractual expenses when one division needed more in a fiscal year than another but wasn't funded for that purpose. This year, only the salary and benefits are separated while the other expenses are combined under Administration so they can be used where most needed each year.

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. The colors are primarily green and white. The text 'ONE HUNDRED DOLLARS' and the number '100' are visible on the bills. The background of the slide is a solid green color with a subtle pattern of repeating '100' and 'ONE HUNDRED DOLLARS' text.

Police

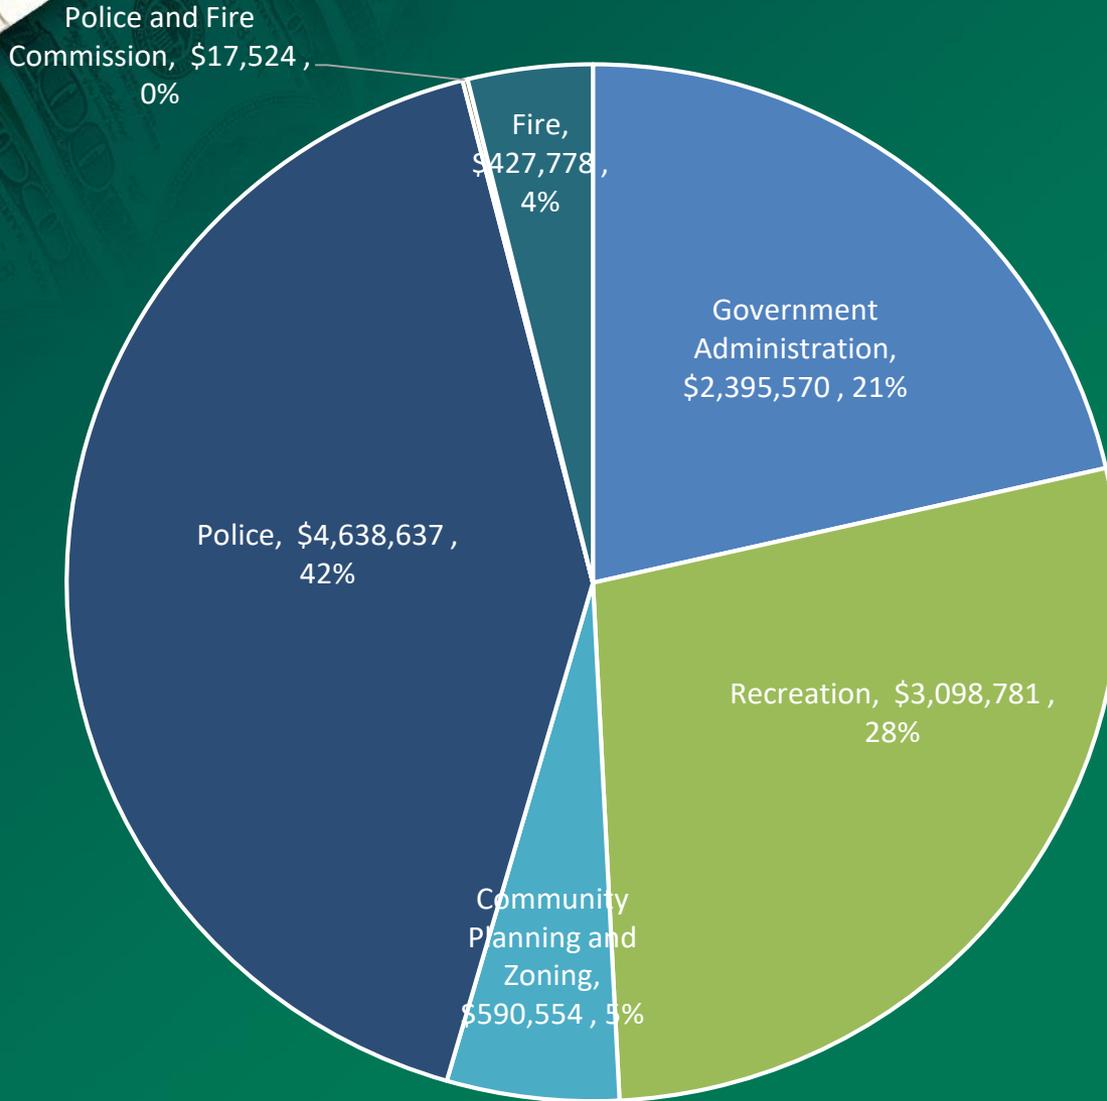

- Salaries for Patrol are **UP \$185,574** reflecting the increase in negotiated salary they received last year plus their increase for this year, thereby showing two year's worth of increases rather than just one
- Overall Police Department is **UP \$47,094** above a year ago

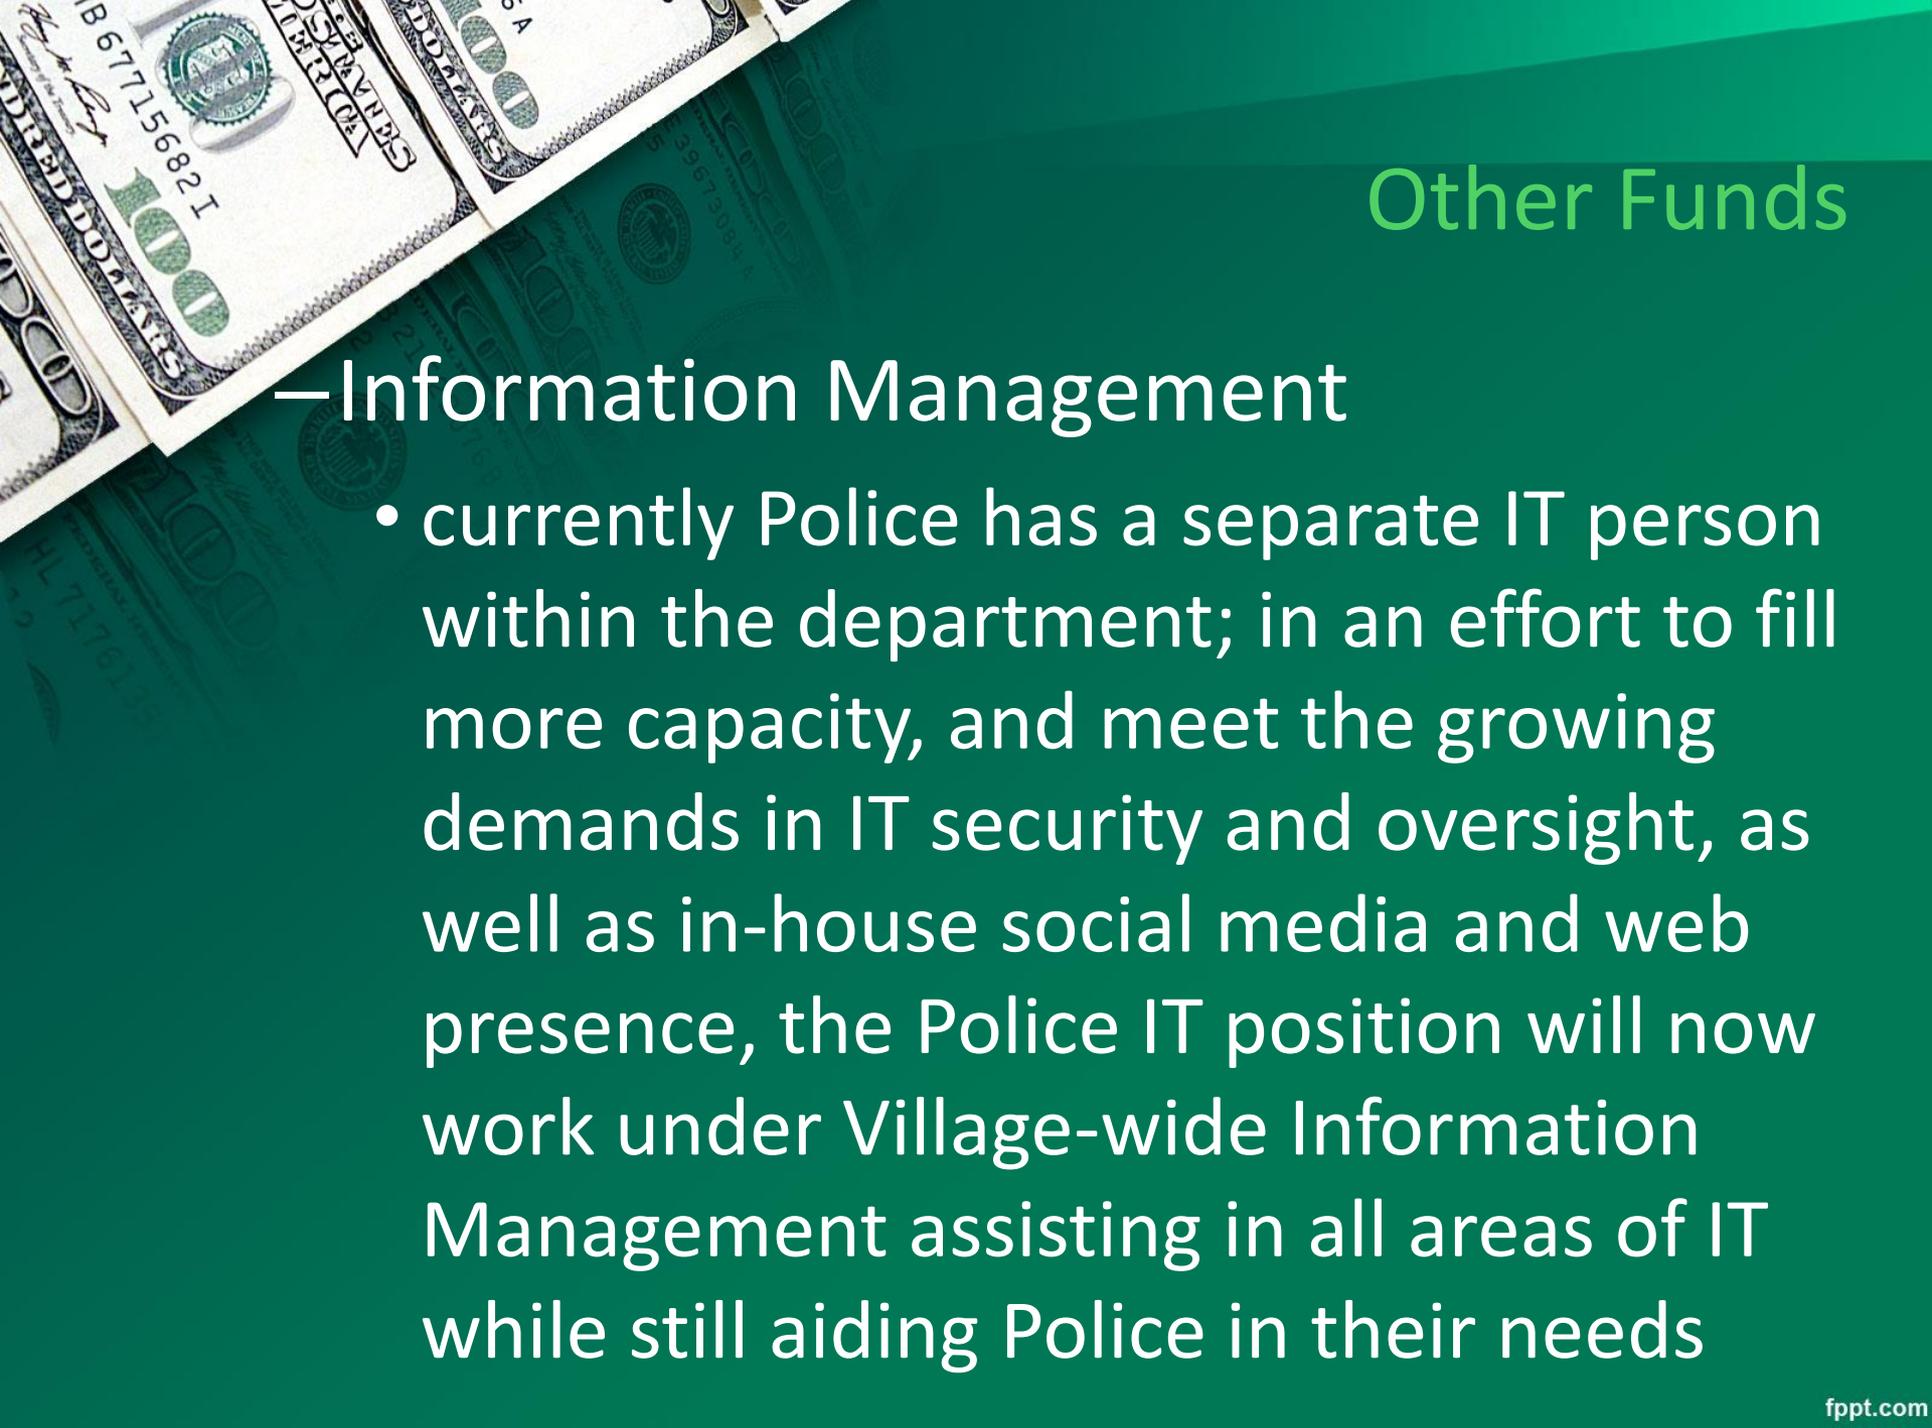

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. Other Funds

– Information Management

- currently Police has a separate IT person within the department; in an effort to fill more capacity, and meet the growing demands in IT security and oversight, as well as in-house social media and web presence, the Police IT position will now work under Village-wide Information Management assisting in all areas of IT while still aiding Police in their needs

The background of the slide features a stack of US dollar bills, with a prominent \$100 bill in the upper left corner. The bills are slightly out of focus, creating a sense of depth. The overall color scheme is a gradient of green, from a darker shade at the bottom to a lighter shade at the top.

Other Funds

- Thank You to Alyssa and Dede for their data management which allows us to track every part and the labor for each repair
- cost budgeted for this year's fiscal budget based on parts and labor of actual expenditures in FY 2019-2020

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly overlapping and show details like the number '67715682 I' and the word 'DOLLARS'. - after revenues and expenses have been compared, and the additional State Grant dollars which were received in Fiscal Year 2019-2020 are added to this year's revenue, the General Fund has a **SURPLUS** of **\$10,223**
- Total Budget is \$54,642,164 which is **2.43% higher** than last year, mainly due to large capital projects anticipated in Utilities, and roof replacements

Capital Planning

—speaking of Capital, the Comptroller and Department Heads have been working diligently on a comprehensive Capital Plan

- plan will look at when equipment is purchased, life expectancy, projected replacement costs, and what will need to be set aside annually to replace each piece of capital equipment

Capital Planning

—some funding has been set aside in Fund 307 for Capital Planning in FY 2020-2021 but it is not enough to meet all of the needs AND begin a “set aside” program for future replacement costs; step one is completing the plan while step two will be identifying a long-term dedicated revenue source to fund the program

The top bill is a \$100 bill, with the serial number B 67715682 I visible. The background is a solid green color with a subtle pattern of repeating US dollar bills.

Challenges

- the impact of COVID 19 and the time it takes to financially recover from the crisis may be detrimental towards regaining economic stability, and we won't know for months what the local affect will be and what reductions in expenditures may be necessary to meet the decline in revenue

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. The colors are primarily green and white. The text 'ONE HUNDRED DOLLARS' and the number '100' are visible on the bills. The background of the slide is a solid green color with a subtle pattern of repeating '100' and 'ONE HUNDRED DOLLARS' text.

Challenges

–the minimum wage increased in January 2020 and will increase again in July 2020 bringing the amount to \$10 per hour; future annual increases will impact seasonal and auxiliary workforce, Recreation, Grounds Maintenance and Aquatic Center

A stack of US dollar bills is visible in the top-left corner of the slide. The bills are slightly fanned out, showing the top portion of several bills. The text "ONE HUNDRED DOLLARS" and the number "100" are visible on the bills. The background of the slide is a dark green gradient.

Challenges

- Governor indicated during his budget address that if the “Graduated Income Tax” state-wide referendum isn’t approved by the voters, he will remove all Local Government Distributive Fund from municipal governments, reducing our revenue by \$1.3 million

A stack of US dollar bills is shown in the top-left corner, partially overlapping the green background. The bills are slightly out of focus, showing details like the '100' denomination and the 'FEDERAL RESERVE NOTE' text. Challenges

- identifying a long-term solution towards funding the Capital Plan so we are proactive in replacing equipment rather than reactive

The background of the slide features a stack of US dollar bills, with a \$100 bill prominently visible in the upper left corner. The bills are slightly overlapping and angled, creating a sense of depth. The rest of the background is a solid, dark green color.

Timeline

- the Budget will be placed on the website for all to view, along with this presentation
- the Budget Hearing will be held at 5:45pm on Tuesday, April 14th
